

ANTIOCH DISCIPLESHIP SCHOOL VISION

The vision of Antioch Discipleship School is to experience radical transformation and find clarity for a lifetime of following Jesus. We believe that the local church is the hope of the world. ADS exists to build up the Body of Christ and spread the Gospel as part of the local church.

In order to accomplish this, we have organized the school into five main areas (called “Core Competencies”) that collectively cover all various aspects of teaching and training you will receive. We believe that developing these core competencies will help you to have a more comprehensive and holistic relationship with Jesus. While we won’t necessarily move linearly through these competencies, the plan is to hit everything over the course of the year.

All aspects of the discipleship school will center around one or more of the five competencies below.
